

THE GENUINE LIQUID OPODELDOC,

OR,
RHEUMATIC OINTMENT,

FAITHFULLY

Prepared and Sold by **DAVID & JOHN HENSHAW,**

(LATE RICE, HENSHAW & CO.) **DRUGGISTS,**

☞ *No. 33, India Street.....Boston.*

WHERE MAY ALSO BE HAD, ALL KINDS OF

☞ *Medicines, Paints and Dye-Stuffs* ☞

☞ ON VERY FAVORABLE TERMS.

THIS Opodeldoc contains all the qualities of STEERS' OPODELDOC, with the addition of about THREE TIMES ITS STRENGTH; it also contains other ingredients which have proved beneficial, especially in relieving pain, and in RHEUMATIC complaints.—It is remarkably pleasant to the smell, and for sudden Head Ache, equal to any of the volatile Essences.—It speedily cures violent Pinches and Bruises, and is of infinite use for the Bite of Musquitoes, the Sting of Wasps, and other venomous insects.—Chilblains, Sudden Swellings, and Stiffness in the Joints, are removed by it. Horses which are galled by the harness or saddle, or which are otherwise wounded will derive immediate benefit from its application.—It also cures chapped lips and hands and removes obstructions in the nose, occasioned by Colds settling in the head.

It is applied by being well rubbed into the parts affected several times each day.—It should be kept well stopped, as, by exposure to the air its strength is dissipated.

☞ This Opodeldoc is free from all those deleterious coloring Drugs which enter into the composition of a great portion of the Liquid Opodeldoc that is peddled through the Country.
